

## Ogden News

Office, 2434 Washington Ave.

Ogden, Saturday, May 18.

## EXPLOSION OF GASOLINE

J. E. Taylor, Formerly of Ogden, Meets Sudden Death at Pocatello.

Word was received here yesterday of the horrible death of J. E. Taylor, formerly manager of the Elite Cleaning works of this city, at Pocatello, which occurred yesterday morning. It appears that Taylor was examining a new gasoline washer, in some way the gasoline ignited and the liquid exploded. Taylor was engulfed in flames and before anyone could reach his side he was dead.

Mr. Taylor leaves a wife and five children. For three years he made his home in Ogden, but recently located in Pocatello. The body will be brought either to Ogden or Salt Lake for burial.

## OFFICIAL IS CRITICISED.

Failure of County Attorney Subject of Judge's Remarks.

The county attorney came in for criticism at the opening of the trial in the district court yesterday of C. W. France and James A. McCall, who were charged with robbing the Montana loan office on Feb. 7. France was represented by Attorney C. H. Hollingsworth and McCall by Attorney James H. DeVine.

The attorneys for the defendants moved for discharge on the ground that the information had not been filed within thirty days after the men had been held for trial.

District Attorney Halverson explained that the delay was occasioned by the failure of the county attorney to supply the facts required for the drawing of the information. He said no transcript had been taken of the testimony in the lower court and it had been necessary for him to go out and ascertain the facts for himself. In reply to a question from the court Mr. Halverson said that a transcript of evidence had been taken by the county attorney in only one case, Judge Howell denied the motion to quash the information, and at the same time criticised the failure of the county attorney to take transcripts of testimony in the municipal court and to provide the district attorney with needed information.

The jury later returned in the case against France and McCall returned a verdict of not guilty.

## HOW COALVILLE LOST FISH.

No Ice at Depot and 70,000 Fry Put in Mill Creek.

Cans containing 70,000 trout fry that were being transported to Coalville, Utah, from the state hatcheries, to stock the streams near that place, were yesterday left standing in the sun at the union depot. The man in charge of the consignment was unable to get ice to put in the cans here. Realizing that he could not get the fish through to the original destination, he told Depot Master Cunningham that the union depot that he would give the fish to anyone who could take care of them. The depot master and his force got busy at once. They secured the necessary ice and a short time afterward Sheriff Sebring took the whole consignment to Mill creek, where the fry were placed in the water. Weber county is therefore 70,000 fish to the good, all owing to some one's carelessness in coupling the shortage of the ice crop this year.

## BIG SALT COMPANY.

Ogden Men Organize Million-Dollar Corporation.

Another million dollar corporation was launched here yesterday, when the articles of incorporation of the Montello Salt company were filed with the county clerk. The par value of the shares is given as \$1. The new company has 125 claims, all of which are located on the northwestern part of the Great Salt Lake desert in Tooele county. The officers of the new concern are: A. W. Wright, president; S. T. Corn, vice president; D. S. Clark, secretary; W. Johnson, treasurer. These with E. Peterson, G. Holmgren and H. J. Hogan, compose the board of directors.

## Close of Marksmanship Contest.

The final shoot of the competitive marksmanship contest of company B. N. G. U. was held at the armory last evening. The gold medal was won by Sergeant E. J. Bassett and the silver medal by Lieutenant George S. Corlew. The presentation of the medals will be made June 7, the date of the regular inspection of the company.

The honors of the contest last evening were carried off by Captain W. E. Kneass, who secured 48 out of a possible 50 points. Sergeant Bassett secured 45 and Lieutenant Corlew and Sergeant Bassett tied with 44. The averages for the entire contest were:

Sergeant E. J. Bassett, 22.08 1-3; Lieutenant G. S. Corlew, 21.81 1-3; Corporal A. Wilson, 21.75; Captain W. E. Kneass, 21.

## Sentence Wouldn't Hold.

The application of Nancy E. Lawhorn, on behalf of Joseph Ralph Lawhorn, for a writ of habeas corpus, was granted by Judge Howell yesterday. Young Lawhorn was committed by District Judge Booth from Provo to the state industrial school, and under the claim that the court was without jurisdiction, the application for Lawhorn's release was made.

## Ogden Briefs.

**JOSEPH COLLINSON DEAD.**—Joseph Collinson, of this city, died at the home of his daughter, Mrs. Isabella Bowman, 225 Nye avenue, yesterday morning, from old age. He was a resident of Ogden for many years and is survived by two daughters.

**HELD FOR BURGLARY.**—Thomas Lukos and Stephen Quinn were yesterday bound over to the district court from the city court on charges of burglary, under \$500 bail each. They will be again arraigned in the city court this morning on a similar charge for another burglary committed the same night.

## FEEDING FOR HEALTH.

Direction by a Food Expert.

A complete change in food makes a complete change in the body. Therefore if you are ailing in any way, the surest road back to health is to change your diet. Try the following breakfast for ten days and make the result.

Two soft-boiled eggs. If you have a weak stomach, boil the eggs as follows: put two eggs into a pint tin cup of boiling water, cover and set off the stove. Take out in nine minutes; the whites will be the consistency of cream and partly digested. Don't change the directions in any particular, some fruit, cooked or raw, cooked preferred, a slice of toast, a little butter, four heaping teaspoonsful of Grape-Nuts with some cream, a cup of properly boiled Postum Food Coffee.

The Grape-Nuts breakfast food is fully and scientifically cooked at the factory, and both that and the Postum have the diastase (that which digests the starch) part developed in the manufacture. Both the food and the coffee, therefore, are predigested and assist, in a natural way, to digest the balance of the food. Lunch as upon the same.

For dinner in the evening use meat and one or two vegetables. Leave out the fancy desserts. Never over-eat. Better a little less than too much.

If you can use health as a means to gain success in business or in a profession it is well worth the time and attention required to arrange your diet to accomplish the result. Read, "The Road to Wellville," in pgs. "There's a Reason."

## A TREACHEROUS TROUBLE.

The headache and dizzy feelings that trouble so many persons, are often but symptoms of kidney complaint.

Kidney diseases are very treacherous. They come on silently, gain ground rapidly, and cause thousands of deaths that could have been prevented by treatment in the beginning.

Nature gives early warning of every disease, if you would but note and heed them. Backache, twinges of pain when stooping or lifting, headaches, faint spells and urinary disorders are among the first warnings of kidney trouble.

If these signals are unheeded, there comes a steady, dull, heavy aching in the back and loins, a noticeable weakness and loss of flesh, rheumatic attacks, weakening of the sight, irregular heart action, languor, attacks of gravel, irregular passages of the kidney secretions, sediment, painful, scalding sensation, dropsical bloating, etc.

But there is no need to suffer long. Doan's Kidney Pills cure all kidney troubles. This remedy has made a reputation for quick relief and lasting

cures. It is a simple compound of pure roots and herbs that have a direct action on the kidneys. It was the secret seventy-six years ago of an old Quaker lady. It was given to the public by James Doan, a druggist, and is now known and recommended the whole world over.

Home cures prove the value of Doan's Kidney Pills to our readers.

## HERALD PROOF.

Mrs. H. H. Bainsworth, living at 335 State street, Salt Lake City, Utah, says: "None of the remedies I tried did me any good until I began using Doan's Kidney Pills. I suffered all the annoyances and inconveniences that come from kidney complaint for years. Learning of Doan's Kidney Pills, I decided to use them and they quickly regulated the action of the kidneys, stopped the headache and dizziness at once and in every way proved to be just the remedy I needed. They do all and, I think, more, than is claimed for them."

## DOAN'S KIDNEY PILLS

## More News from the New England States.

If any one has any doubts as to the virtue of Foley's Kidney Cure, they need only to refer to Mr. Alvin H. Stimpson, of Willimantic, Conn., who, after almost losing hope of recovery, on account of the failure of so many remedies, finally tried Foley's Kidney Cure, which he says was "just the thing" for him, as four bottles cured him completely. He is now entirely well and free from all suffering incident to acute kidney trouble. F. J. Hill Drug Co. "The Never Substitutors."

## BELL SEEKS AN ATTORNEY

William St. Clair, better known as W. W. Bell, the alleged "hobo" man, now in the Salt Lake county jail, made an effort yesterday to secure counsel. Soren X. Christensen was sent for by the prisoner and a short conference was held. Mr. Christensen declined to act as Bell's attorney under any circumstances, or to advise him as to whom he might secure. Mr. Christensen gave as his reason for refusing to represent Bell the fact that he was retained by Chief of Police Sheets as the latter's attorney, and for that reason could not consistently appear for any of the alleged hobo men who took part in the McWhirter robbery.

## PART OF LOOT IS RETURNED

Notes, checks and other papers stolen from the cash register at McCrany's saloon by the holdup men two weeks ago have been returned to the police department. An envelope containing these papers was received through the mail. There was nothing returned that could have been of any value to the robbers, but there were several papers valuable to Mr. McCrany. The envelope was mailed in Salt Lake City, and was addressed to the police department. There was nothing about it that would give any clue to the identity of the sender. The impression seems to be that the papers were returned by one of the three robbers, but Chief of Police Sheets is of the opinion that these documents were found in the place where they had been thrown by one of the robbers.

## Said of Soda Crackers

"They are one of the most economical, digestible and nutritious of human foods and well worthy of the high estimation in which they are generally held."
